SUBJECT

Provision for the of additional staff to the schools in the Mysore city

127 To The President City Municipal Council Mysore
The Director of Public Instruction Mysore
The Comptroller to Govt.-
L 7534-36 Dt 14-8-1929
Sanctions the Proposal for Providing additional Establishments to man the schools efficiently with effect from 1st July 1929.

MS 12/8/29

General and Revenue Secretariat.

Mil File No. 2 of 1928

Serial No.

Letter no 88 dt 12th July 1928 from the President Mul Council Mysore recommending sanction to the resolution of the Council to provide additional staff to the schools ~~in the Mysore City~~ where they are badly required in the Mysore City

The present proposal is to provide additional staff as detailed below to the schools that are under the Administration of the Mul Council Mysore and to place the pay of the Head-Masters on an increment basis i.e as Rs 20-1-25 instead of the present pay of Rs 20/- per month

1) 4 teachers on Rs 15 each
2) 2 peons on Rs 9 each
3) Increased accommodation to two schools at a cost of Rs 20/- per month

The cost of the above establishment per month

2 I saw some of the ideas but as I had no proposals from the Municipality, it was not worthwhile discussing the matter informally with the President Mysore Municipality during one of my visits to Mysore, but he has not come to see me hence, but I expect to meet him when I go to Mysore on the 14th

Questions will be referred accordingly

3 Meanwhile, it is difficult for me to express any opinion as to the need for additional expenditure in the absence of detailed information as to the no of pupils to be in the different schools

13 There can be no objection however, to the exchange of certain scales of pay between the Nazarat Chamarajpet Urdu Primary Schools

14 of course, the Municipality should meet any additional expenditure incurred to the share so reached

1 The Vice-President's note explains the proposals in this case.

2 The proposal involves a recurring expenditure of Rs 2339 p.a. & a non-recurring grant of Rs 2350 for 1929-30 by the Mysore Municipality in addition to the grant of Rs 15000 by them for primary schools. The expenditure is said to be necessary to improve the conditions of the schools and to meet their essential requirements.

The Municipal Commissioner should be very satisfactorily in the matter of primary education. He may perhaps be allowed to do so. The Director of Public Instruction may also be consulted perhaps (underlined).

OFFICE OF THE PRESIDENT
CITY MUNICIPAL COUNCIL MYSORE

Dated 12th July 1928

From

T G Rama Iyer, Esq , B A.,
President City Municipal Council
MYSORE

To

The Chief Secretary to the Government
of His Highness the Maharaja of Mysore
Bangalore

CHIEF SECRETARIAT 14 JULY 1928

I have the honour to state that the number of students in some of the schools is twice or even three times the number admissible as per rules In primary classes one teacher is entrusted with two or three sections and it is impossible for him to exercise control Due to want of sufficient hands the progress of studies in the schools is unsatisfactory Further some of the school buildings are not decent and in certain places schools are held in a mantap or in other congested buildings For entertaining the requisite number of teachers and for providing suitable accommodation for schools extra funds are required and the enclosed office note will explain the necessity for additional hands

On the recommendation of the schools committee the Municipal Council at their meeting held on 30th June 1928 have sanctioned an additional grant of Rs 1 11 3/ from municipal funds for the purpose The provision is also made in the educational budget of the current year

I request that sanction of Government may kindly be accorded to the Council's proposal and communicated to me

A copy of the estimates of the Education Section and copy of Council's Resolution are enclosed for reference

I have the honour to be
Sir
Your most obedient servant

Mysore City Municipality

Note accompanying the revised budget estimates of the Education Section for 1928-29 -

The details in respect of the several items of expenditure that will have to be incurred are given in the enclosed statement The following are certain extra items of expenditure which see to be absolutely necessary in the interest of work, With a view to make provision for these, the budget estimate has been revised

1 Lakshmipuram and Krishnaraja Primary School - An additional teacher on Rs.15/- to the former and a teacher on Rs 15/- and a peon on Rs.9/- to the latter have been sanctioned by the Council and provision has also been made for the same in the current year's budget

The number of students in several classes of the above schools is twice and even three times the number admissible as per rules Especially in the lst year primary class subsections have to be formed according to the different standards of learning of the children and one teacher cannot possibly be expected to teach two or three sections It is due to want of sufficient hands that the progress of some of these schools is not satisfactory It is on account of this difficulty alone that new admisssions have had to be restricted in some cases though as a matter of fact admissions should not be restricted

It seems therefore quite necessary to appoint these hands at least from the lst of July 1928

2 Devaraj Kannada School - The lst year class contains about 75 students on an average and there is only one teacher to look after this class An additional hand on Rs 15/- at least is quite necessary

3 Padavarahally school:-

(a) According to the sanctioned scale the headmaster's pay is Rs.20/- (fixed) and there are two assistants on Rs 17-1-20 who are also drawing Rs 20/- now

As there is no difference between the pay of the headmaster and that of the assistants and as this would

naturally give rise to the spirit of equality the pay of the headmaster may at least be placed on an incremental basis as Rs 20-1-25 The average extra cost that will have to be incurred on this behalf will be Rs 45/- for which there is one provision in the budget for 1927-28

(b) This school is at present located in a Ramarandiam which presents an ugly appearance and is inconvenient for all purposes If we have to get a better building an increase in the rent by Rs.10/- is quite essential

4 Nazarbad Hindi school - Even here, the headmaster as well as the assistant gets Rs 20/- each, the latter is in grade 17-1-20

To remedy this the scale of 20-1-25 provided for in the Chamaraja Urdu School may be transferred to this school and the scale of fixed 20/- of this school may be transferred to the Chamaraja Urdu School

This results only in transfer of scales and the extra expenditure that will have to be incurred if a separate enhanced scale were to be provided for can thus be avoided

5 Lashkar Chamarajendra school - A rent of Rs 30/- is being paid at present to the building occupied by this school at present The strength of the school is growing day by day and the building cannot accomodate even the number of boys on the roll at present

An increase in the rent by Rs 10/- seems therefore to be necessary to get a larger building

6 Lashkar Hindustani and Chamundi Primary schools - One additional teacher on Rs.15/- to the former and a peon on Rs 9/- to the latter are quite necessary

Even after making provision for all the extra items of expenditure proposed above the total estimated expenditure under F.1 (a) i e , establishment of schools for 28-29 comes to Rs 29 134/ as against Rs 28 666 sanctioned for 27-28 thereby resulting in net increase of Rs 468 The increase is primarily due to the

15

variations in grade of appointments and secondarily of the proposed additional staff

The total estimated expenditure under Fie, public Instruction is Rs 32 605/- as against Rs 32 042 sanctioned for 27-28 The revised estimate may be adopted

CHIEF SECRETARY
25 MAR 1929

Sir,

With reference to correspondence ending with this office letter No s 787 dated the 1st October 1928, in the matter of the additional establishment at a cost of Rs.1,113/- required for the municipal Primary boys' schools in the City, I have the honour to state that the question was again considered by the Council with reference to the present state of these schools, and their most essential requirements, as detailed in the accompanying copy of note of the Vice-President In the result they have sanctioned a sum of Rs.4,717/- out of municipal Funds to meet the immediate needs of the schools, as per statement appended hereto (Vide copy of Municipal Council's Resolution No 363 dated 23-2-29 enclosed)

This revised proposal includes the sum of Rs.1,113/- already submitted to Government for sanction The revised scheme involves an extra expenditure of Rs.2,337/- per annum on account of additional establishment and a non-recurring expenditure of Rs.2,380/- for furnitur etc., in addition to the present annual fixed Municipal contribution of Rs.15,000/- for Primary Schools.

As it is quite necessary to entertain the additional establishment etc , from the next official year, I request that sanction of Government may be kindly accorded to the Council's proposal at an early date and communicated to me Due provision will be made therefor in the next year's budget

22

A copy of this letter is being forwarded to the Director of Public Instruction in Mysore

Reference:- Council's Resolution No 169 dated 29-9-28 calling for information about the present provision in Municipal Schools re staff accommodation and furniture and additional requirements

Municipal Schools:-

:- There are on the whole, 18 Municipal Primary Schools, out of which 11 are Kannada Schools and the rest, Hindustani Schools The establishment of these schools consists of 77 teachers and 19 peons on the whole The total number of boys attending these schools is roughly about 2,550

The establishment of the schools has not been revised at all for the past 5 or 6 years, inspite of the fact that the strength of the schools is increasing every year in some of the classes of several schools, the number of students is twice and even three times that admissible as per rules Consequently, each class has to be split up into sections (each section containing 30 or 40 students) Due to want of hands one teacher has to be entrusted with two or even three sections as the case may be, in consequence of which, it will be scarcely possible for him even to exercise disciplinary control over the large number of boys entrusted to him, not to say anything of the work that he can turn up under the circumstances

The present state of affairs of some of our schools is far from satisfactory, and this seems to be due to one or the other or several of the following reasons:-

1 Want of even the minimum number of teachers and peons required as per rules
2 Want of accommodation
3 Want of required text books, furniture & other apparatus

With a view to remedy the existing troubles, the following additional staff and additional rents are proposed:-

1	Lakshmipuram School	2 teachers on Rs.15/-each
2	Krishnaraja Primary School	1 teacher on Rs 15/-each and a peon on Rs 9/-
3	Chamundi Primary	1 teacher on Rs 15/-each and a peon on Rs.9/-
4	Lashkar Chamaraj School	1 teacher on Rs 15/- each and an additional rent of Rs.10/-

25

5	Balabodhini School	1 Peon on Rs 9/-
6	Devaraja Kannada School	2 teacherson Rs 15/- each & a peon on Rs.9/-
7.	Padavarahally school	An additional rent of Rs 10/-
8	Ahamadiya Urdu School	1 teacher on Rs 15/-
9	Lashkar Archgate Urdu School	1 teacher on Rs.15/-

The total additional recurring cost per annum on account of this extra establishment comes to Rs 2,337/- which has to be met out of the Municipal Funds inaddition to the fixed annual contribution of Rs 15,000/-, as the Educational Department, have refused to bear this stating "that until the general question re the share of expenditure to be borne by the Council is settled, all additional expenditure on Municipal Schools should be met out of Municipal Funds

The above amount includes the sum of Rs 1,113/- being the cost of additional establishment already sanctioned by the Council for which orders of Government are not yet received

2. Accomodation

Out of the 18 schools, only three are located in Municipal buildings, (Lakshmipuram, Krishnaraja Primary & Balabodhini which is a gifted building) The remaining 15 schools, are located in rented buildings, except Padavarahally school which is at present being held in a Ramamandir, which is unfit for all purposes

Many of the buildings are very unsightly and ill-ventilated and in some of them,the accomodation is quite inadequate with the result that admissions of boys have had to be refused in some cases, as better buildings cannot be secured within the sanctioned scale of rent

On the recommendation of the Municipal Council, Government in their Order No 2936-8/M1 12-17 of 26-11-1917 sanctioned the construction of 6 school-buildings at a cost of Rs 30,000/- of which ½ or Rs.7,500/- was to be the Municipal contribution The whole of the Council's share was paid during 1918-19

As a first instalment 3 buildings were constructed at a total cost of Rs 17,864

1	Lakshmipuram	Rs 5,867
2	Doddahalagere	" 6,130 (rented out for locating the A.K boys

26

3 Krishnaraj	Rs 5,867
Total Rs	17,864

When the estimates for the construction of the remaining buildings were submitted for sanction of Government, they were returned with the observation that they were too high, and that the Government could not undertake to bear ⅔ of the total expenditure under the then financial condition

Now that the period of financial stringency is over, the construction of buildings might perhaps be resumed Out of the sum of Rs 30,000/- sanctioned for the purpose, it is said that there is a balance of Rs 12,196 still to be paid by Government

With this amount and the sum to be supplimented by the Municipal funds, the work can be taken on hand

Till then, additional rents as proposed above are necessary

iture etc For want of furniture, boys in some of the schools are actually made to sit on the floor Very recently, the Lakshmipuram school building was extended an account of the increase in the strength of the school When the Education Department were requested to supply the furniture necessary for the extended portion of the school-building, they have once again refused to supply the same, saying that all additional expenditure on Municipal Schools should be met from Municipal Funds, until the general question re the share of expenditure to be borne by the Council is decided

Enclosed is an estimate for Rs 2,380, from the Municipal Engineer, being the approximate cost of the articles of furniture required for the schools as per statements enclosed, for favour of sanction

Some important text books were, however, supplied this year, out of the current year's provision under this head in the Education budget Some more maps, Kindergarten apparatus, general books etc that are required under the rules will be supplied during July, out of the next year's provision under this head

lusion For the past several years, the question of transfer of control over the entire primary education to the Council is engaging the

27

attention of Government and the Council, and it is worth while re-considering the question in consideration of its importance and in the interests of our future citizens The existing defects can be remedied only when this comes under a single controlling -- authority
